Restaurant & Hood Cleaning Service

Keeping your restaurant clean can be a challenge. From dining areas, to restrooms, and kitchen, there are a lot of areas that need to be maintained. Professional cleaners provide janitorial services specifically designed to keep all areas of your restaurant clean and sanitized. Restaurant and hood cleaning services will help you provide the cleanest environment for your customers and staff while prolonging the life of your furnishings and equipment.

When patrons walk into your door to eat, they want to be met with a nice atmosphere and the delicious smell of food. The best way to provide a favorable environment for your guests is to have your restaurant routinely cleaned by a commercial cleaning company that understands the unique needs of a restaurant. Scheduled services may include:

- Dining rooms
- Kitchen
- Restrooms
- Offices
- Waiting areas
- Bars
- Hood cleaning
- Floor maintenance
- Carpet cleaning
- High dusting
- Landscaping
- Outdoor pressure washing
- Waste removal
- Washing windows and glass
- Porter service

Hood cleaning is an essential part of restaurant service. If neglected, it can become a fire hazard. The hood must work properly so that odors and smoke exit the kitchen properly and do not negatively affect your guests' dining experience. Our comprehensive cleaning services make sure that your exhaust system is running up to code and ready for state-mandated inspections.
